Alerton Bactalk Microset II Installation Manual
Microset II. The Microset II is an intelligent zone sensor and tenant service device used in conjunction with Alerton's VisualLogic® controllers. The Microset has a backlit LCD display for easy viewing in any lighting condition. The tenant can view the current room and outdoor air temperature as well as view and change the current room setpoint. The Microset LCD is also programmable.

Microset II - Alerton
The MS/TP Microset II utilizes the BACnet MS/TP network layer. This new sensor is perfect for split zone VAVs, multi-zone rooftop units, or any VLX, VLCA-1688, or VLC-16160 application where more than one room sensor with display is needed to meet the application, but the MS/TP Microset II can control multiple zones.
