George Orwells' Animal Farm is a 1945 book about a group of animals on a farm who organise a revolution, and take over from their human owners to run the farm themselves. Adopting the Seven Commandments of Animalism, the animals are taught to read and write by two young pigs, Snowball, and Napoleon. As time goes on, rivalry between the two develops, which culminates in Snowball being chased away and Napoleon becoming supreme leader. Growing more authoritarian, Napoleon purges the farm, executing those animals he accuses of siding with Snowball. And as more time progresses, their motto of 'All animals are equal' gets shifted to prioritise only Napoleon and the pigs. An allegory of the Stalinist era of Russia, Orwell shows that true equality can never be, as there will always be those that rise to the top, pushing others down in the process.
