specialty area of suspension and steering. It can also serve as a personal portfolio of documented experience for prospective employment. Used in conjunction with CDX Automotive, students will demonstrate proficiency in suspension and steering fundamentals, diagnosis, service, and repair.

Designed for residents cycling through an internal medicine subspecialty clinical rotation or for fellows who need to better understand the fundamentals, this fourth edition offers you updated guidance on the physical exam, diagnosis, management, and treatment follow-up for various endocrine disorders. Written in a step-by-step, to-the-point style, the book covers diabetes mellitus, multi-system disorders, as well as conditions of the hypothalamus, pituitary gland, thyroid, and more.

Russia boasts a long and rich tradition in chess education, and Russian chess teachers and trainers are simply the best in the world. The Complete Manual of Positional Chess, probably the most thorough grounding in the history of teaching chess, was recently created for chess teachers at the DYSS, the special sports school for young talents in Russia. Konstantin Sakaev and Konstantin Landa present a complete set of instructions and tips for trainers and self-improvers. You will learn not only how to enhance your fundamental knowledge and technical skills, but also how to work on your physical and psychological conditioning. You are handed basic and advanced tools to improve in a wide array of areas: -- quick development and fighting for the centre in the opening -- clean calculation and decision-making in the middlegame -- tackling your fear of disturbing the material balance, and, last but not least: -- how to restrict the role the chess computer plays in your life. If you complete Sakaev and Landa ' s course you will be able to assess virtually any chess position you are confronted with. With its all-encompassing approach this ground-breaking book allows everyone to reap the fruits of the long tradition of instructive excellence in Russia.

The Light Vehicle Tasksheet Manual for NATEF Proficiency, 2013 NATEF Edition is designed to guide students through the tasks necessary to meet National Automotive Technicians Education Foundation (NATEF) requirements for Automotive Service Excellence (ASE) certification. Based on the new 2012 NATEF Automobile Accreditation Task Lists, the Second Edition identifies the level of training (Maintenance & Light Repair (MLR), Auto Service Technology (AST), and Master Auto Service Technology (MAST)) required to complete each task. This manual will assist students in demonstrating hands-on performance and proficiency in fundamentals, diagnosis, service, and repair of cars and light trucks. It can also serve as a personal portfolio of documented experience for prospective employment. Light Vehicle Tasksheet Manual for NATEF Proficiency, 2013 NATEF Edition includes List of required and recommended materials and equipment for each task Critical safety issues relevant to the task Student Notes boxes offering vital information the student needs to consider while
