This revised 5th Edition, now expanded to over 400 pages in a larger 8 x 11 in. format, contains over twice as much information as previous editions. Featured in this 5th Edition are hundreds of digital images for most popular makes and models, making identification much easier. The Blue Book of Airguns contains both up-to-date 2005 airguns pricing information and detailed technical data on both today's high tech offerings and older, discontinued models. This includes domestic, foreign, and military airguns, modern commemoratives, and major trademark antiques! Also included are some valuable editorials by Dr. Robert Beeman

mission planning, and skill sustainment.

“Over half a century has passed since I cut my teeth on an old .36 Navy Colt. For 40 years I have almost never been out of easy reach of a good sixgun. Thirty years I spent in the saddle, packing, punching cows and breaking saddle brones. The sixgun was worn just as regularly as my pants and many times was much more important to my existence. It pulled me out of several tight scrapes with wild horses, wilder cattle and some big game. Though I have witnessed several gun fights, have had guns pulled on me and have been shot at several times, I have never had to use my gun on a man. Several times it was touch-and-go and perhaps only the current knowledge that I was both fast and accurate with a sixgun

saved me from being embroiled. Though I do not recommend a sixgun for big game, thirty head of big game have fallen to mine, including elk, bear, deer, cougar, mountain goat and javelina. I have also trailed up a great many big game animals of various species that were wounded by sportsmen and then I finished them off. No record was kept of these or the many coyotes, bobcats and lesser game, or the livestock I have had to kill.” This classic includes the following chapters:

Introduction I. History of the Sixgun II. Selecting the Handgun III. Learning To Shoot IV. Sixgun Sights V. Long Range Shooting VI. Game Shooting VII. Double Action Shooting VIII. Gun Rigs and Holsters IX. Quick Draw and Hip Shooting X. Gun Fighting XI. Revolver Versus Auto Pistol XII. Aerial and Trick Shooting XIII. Slip Shooting, Fanning, Cavalry Guns
