Gerald Pollack, Daniel Stump The book was received in a timely manner but I ordered and paid for a hardcover copy and received and soft cover book. At this point, I was unable to return the book as classes had begun for the semester and the exchange, if given, would have taken a long time thus leaving me without the appropriate book.

I love this book, and I don't really like electromagnetism. Pollack and Stump use an easily understood writing style that is concise, thorough, and occasionally witty. Their use of extensive examples is great for the visual learner. This book covers a full academic year's worth of advanced electricity and magnetism courses.
