The Fairchild C-26 "Metroliner" is the designation for the Fairchild Swearingen Metroliner series twin turboprop aircraft in the service of the United States military. It was not officially named by the US Armed Forces, but is unofficially known by the same name as its civilian counterpart. The C-26A is the military version of the Model SA227-AC Metro III; the C-26B is the military version of ...

**Fairchild C-26 Metroliner—Wikipedia**

The best maintenance average I saw on a Fairchild product was 3.5 hours maintenance to 1 hour flight time. That's horrible. Beech builds a better product and they charge more for it, as well they should. Fairchilds look like a team of Jr. High auto shop kids designed and built them. As far as the 23 being better goes, they took the systems that didn't work worth a shit, ie, the SAS system, and ...

Best and latest coverage on International Aviation Training, where to get it and how to finance it. The latest Airline, Corporate, and Air Charter employment opportunities FAQ and most common Pilot's interview questions - and the most frequently made interview mistakes.

This book focuses on the principles of aeromedical transport and includes latest research and new chapters on the transport of intensive care patients and medical emergencies/death in flight. It is intended for medical personnel whose duties include the transportation of the sick and injured by air.

Identifies more than four hundred private, commercial, and military aircraft, and briefly describes the history and characteristics of each.

Extensive animation and clear narration highlight this first-of-its-kind CD-ROM. It shows all major systems of jet and turboprop aircraft and how they work. Ideal for self-instruction, classroom instruction or just the curious at heart.
