E. B. White greatly enlarged and revised the book for publication by Macmillan in 1959. That was the first edition of the so-called Strunk & White, which Time named in 2011 as one of the 100 best and most influential books written in English since 1923.

The authors of this book, both experienced teachers, examine the controversy surrounding two popular methods for teaching writing -- the "process" approach and its offspring, Writing Across the Curriculum. Both have recently been called into question for their ineffectiveness. An alternative lesser-known procedure called "sentence combining," which has been proven successful in numerous studies over the past fifteen years, finally is gaining the attention it deserves. Using the sentence combining approach, the authors present a rationale for re-thinking and re-tooling the English classroom and consequently making the entire educational system work more effectively. This book is useful for teachers at any level, especially those involved in writing instruction. It is also worthwhile reading for those wishing to improve their writing skills. Doing the sample exercises will strengthen writing skills and provide a solid foundation for a lifelong program of language growth.

Its advice is gold." -Dean Koontz Foreword by Lawrence Block Not since The Elements of Style has a writing guide had the ability to turn a writer's work around so effectively. Other topics include: -Outlining the four levels of wordiness -Identifying 16 types of flabby writing -Exercises that help writers avoid wordiness -Streamlining through sidebars and checklists -Tests that show how concise a writer's prose is "Write Tight is a supremely valuable, 'must-have' for aspiring writers in all fields from prose to nonfiction, journalistic copy, screenwriting and so much more." -Midwest Book Review

In 'THREE SCREENPLAYS -A Cineaste Reader' one finds the completed screenplays of three, as yet, unproduced films. These are working scripts that actors, directors and producers read everyday, and use to make their decisions on whether this proposed film will be actually made. Will this story entice, intrigue and convince the average movie-goer enough for them to shell out their eight bucks to see it? Will it make enough money to make it all worthwhile? This is the beginning - the early creation that eventually evolves into the blockbuster we see on the big screen. But one need not have any particular knowledge 'about' film, or the 'movies' to enjoy reading in this fast paced writing style. If one has ever enjoyed a particular movie and wondered just how it all began -enjoys more than just 'watching' a movie... Then here are three very different stories, each set separately in modern screenplay format. Stories about international intrigue, families, the young - and the old. Gangsters, corrupt politicians, terrorists - blowups, shootings, crashes, drug deals. Sex. It is all here. AND COMING SOON TO A THEATER NEAR YOU!
