The Jefferson nickel has been the five-cent coin struck by the United States Mint since 1938, when it replaced the Buffalo Nickel. The original Jefferson Nickel was designed by Felix O. Schlag. A left-facing portrait of the former President is shown on the obverse with required inscriptions "In God We Trust", "Liberty", and the date. The reverse features an image of Jefferson's ...

Jefferson nickels minted between 1938 and 1964 are not very popular amongst coin collectors. In fact, you can still pluck most of these coins right from your pocket change. Therefore, this series rarely gets the respect that it deserves from intermediate and advanced coin collectors. However, you will find that collecting Jefferson Nickels can be very rewarding and challenging.

In fact, it's entirely possible to actually complete a Jefferson nickel collection simply by looking for all the coins from pocket change. Sound easy? Well, it's not quite as simple as 1-2-3, but because the Jefferson nickel has seen few changes over its time, many non-coin collectors haven't paid much attention to the coin. This is to your advantage as a coin collector, because many of ...

From the beginning the Jefferson Nickel has held a spot in coin collecting lore. Shortly after its release in 1938 rumors of its recall, and consequently a rush on the coins began, after many believed the depiction of the White House on the coin's reverse was missing its U.S. flag. The truth was the image on

This important book lays bare the dangers of global warming caused by carbon dioxide emissions stemming from fossil fuel use, and proposes pathways toward mitigation. A discussion of the current main uses of fossil fuels acts as a basis for presenting viable, economically sound alternatives. The author outlines a clear, practical strategy for establishing a carbon-free future by deploying proven policy structures and technologies that are already commercially available.
