LAW FOR BUSINESS, 19E from Cengage Advantage Books provides a practical approach to law that emphasizes the current, relevant topics current and future professionals need to succeed in business today. Compelling cases throughout this edition highlight recent business challenges, such as trademark infringement, capacity to contract, agency, and employment-at-will. In addition, timely coverage of business ethics and the law provides new insights into recent corporate scandals and indictments. Popular legal authors Ashcroft, Ashcroft, and Patterson combine short chapters and a full-color design with real-world examples, meaningful applications and Learning Objectives to make business law approachable and applicable for reader's future success. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

How to Avoid Legal Pitfalls on Social Media Social media is where your customers are--so it's where your business has to be. Unfortunately, this space is packed with land mines that can obliterate your hard-earned success in the time it takes to click a mouse. Written in easy-to-understand, accessible language, Social Media Law for Business reveals your legal rights and responsibilities in the fast-moving and ever-changing social media landscape. Learn how to: Create a social media policy for your business * Recruit, hire, and fire through social media * Share content without getting sued * Blog and run contests * Draft disclosure requirements in digital advertising "Glen Gilmore stands alone as the authority on social media law. Social Media Law for Business should become a ready reference for business leaders and digital marketers." -- MARK SCHAEFER, bestselling author of Return on Influence "Required reading not only in the classroom, but also in the boardroom--and in any business where people care about getting social media marketing right." -- PETER METHOT, managing director of executive education at Rutgers Business School "A layperson's blueprint for minimizing the legal risks of social media marketing, while maximizing the opportunities for digital marketing success." -- AMY HOWELL, founder of Howell Marketing Strategies and coauthor of Women in High Gear

Entertainment Law and Business is a handy resource for both the experienced and novice practitioner. It provides a broad survey of the entire industry and creative rights laws. It includes incisive summaries of all of the important areas of creative rights law: copyrights, the protection of ideas, trademark, publicity and privacy, and the major international treaties. It also provides an overview of all the major fields of entertainment (and related fields of interest for entertainment practitioners) along with illustrative agreements. This is not an esoteric academic treatise. The book aims to aid the practitioner in the practical aspects of entertainment. Hence, the authors have attempted to highlight the key features of the major

agreements in each field. They provide insights not only into what the individual provisions of the agreement attempts to regulate, but also the concerns that lie behind those provisions. They point to the types of negotiating strategies important in each agreement, passing on their experience to the practitioner. All of the accompanying sample forms and documents are conveniently included on CD-ROM in RTF (Rich Text Format). RTF allows the user to open each sample clause for use/editing in either Microsoft Word or Corel Wordperfect.

The study of Law forms a component of many undergraduate and postgraduate programs. Its inclusion does not aim to equip business practitioners with skill and expertise to render professional legal advice unnecessary, but more to provide a legal framework of reference in which both strategic and more immediate business issues can be placed. Equipping managers with a basic understanding of how law impacts upon business activity can help them avoid legal pitfalls in the first place or at least identify potential problems at an early stage, to avoid inconvenience and cost. International business can present problems that are not present in a purely domestic transaction. Any law component in a management program should embrace it and by doing so the business practitioner can be familiarized with the wider picture in which modern business, aided by technological development, is increasingly practiced.

The new edition will explore recent developments in the Delaware Corporate law that further define the fiduciary responsibility of officers and directors, the continuing academic controversy over for whose benefit corporations should be run, and the ongoing federal efforts to ameliorate perceived failings in the state law regarding corporations. The second edition will also include further materials to contribute toward bridging the longstanding gap between lawyers' understanding of the perspective of managers and managers' uneasiness over the narrow perceptions of lawyers. It will continue to be the one casebook regarding business organizations specifically designed to meet the needs of both law students and management students.
