New Masters of Flash is both a global showcase and practical tutorial. Nineteen of the planet's most awe-inspiring Flash designers share their influences, ideas and objectives in individual introductory essays. They then take the reader through a step-by-step tutorial explaining in detail how to create in Flash 5 the interfaces, applications and effects that they have made famous. The author-designers are some of the most legendary Flash innovators currently working—from the U.S. to Japan, Europe to South Africa: Yugo Nakamura, Joshua Davis, Manuel Clement, Irene Chan and Tomato Interactive's Joel Baumann, together with 14 other leading Flash practitioners. These are the designers who are expanding the horizons of interactive interface design with Flash. Join them! With the book is a CD-ROM containing animated movie versions of the tutorials from the book, together with the finished interactive effects. If you're in a real hurry, you can download the source-code FLAs for many of the tutorials, in both Flash 5 and Flash 4 versions, from the CD-ROM New Masters folder. Also on the CD-ROM are video QuickTime interviews with the designers from the book.

The Flash Annual format: The Intro is a series of 3 "field-report" essays written by key New Masters from the previous year covering new talents, new techniques and new trends. The main body of the book is then an evolution from the original format. This time, as well as the inspiration and tutorial sections, we add a third section to each chapter, headnotes. Part summary, part chapter commentary, part code overview, the Headnotes section teases out the reusable and generic elements of the previous tutorial and suggests ways forward for the reader.

of the Flash, examining various iterations of his character—including those of Jay Garrick, Barry Allen, Wally West and Bart Allen—and what they reveal about the era in which they were written.

Wally West has a secret identity. The world remains unaware that he is the Flash. Now he must choose which friends and allies to share his secret with. As he reconnects with the superhero community, the Flash is attacked by Gorilla Grodd. Angrier and more savage than ever, Grodd proves tougher than expected—though Nightwing is close by to lend support to the Flash and may just be enough of a match to defeat Grodd. Elsewhere, the Rogues learn secrets of their own and gather together to achieve their goals. With an alliance that includes some of the most dangerous super-villains in existence, the Rogues continue to amass wealth and power while unifying to eliminate the Fastest Man Alive, the Flash. This fourth volume in THE FLASH BY GEOFF JOHNS series collects THE FLASH #201-213, featuring art by comics veterans Alberto Dose, Howard Porter and John Livesay.
