Not that there aren't moments of intense violence, but No Country for Old Men is their quietest, most existential film yet. In this modern-day Western, Llewelyn Moss (Josh Brolin) is a Vietnam veteran who needs a break. One morning while hunting antelope, he spies several trucks surrounded by dead bodies (both human and canine).

"No Country for Old Men" is as good a film as the Coen brothers, Joel and Ethan, have ever made, and they made " Fargo." It involves elements of the thriller and the chase but is essentially a character study, an examination of how its people meet and deal with a man so bad, cruel and unfeeling that there is simply no comprehending him.

James Blake Ewing explores the thorny moral issues at the heart of Joel and Ethan Coen's "No Country for Old Men." When I first saw No Country for Old Men in theaters, I thought it was an immaculately crafted film but I couldn't get past the queasy feeling that the Coen Brothers' adaptation of Cormac McCarthy's 2005 novel was an immoral one.

The underlying theme of No Country For Old Men involves the storyline of Sheriff Ed Tom Bell (Tommy Lee Jones). As the world changes and transforms into a place he cannot recognize much less understand, Bell becomes an outmoded relic. Apparently, the title of the film came from the poem "Sailing to Byzantium" by William Butler Yeats.

In his blistering new novel, Cormac McCarthy returns to the Texas-

Mexico border, setting of his famed Border Trilogy. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. *No Country for Old Men* is a triumph.

Adapted by the Coen Brothers into an Academy Award winning film, *No Country For Old Men* is a dark and suspenseful novel from Cormac McCarthy, author of *The Road*. Llewelyn Moss, hunting antelope near the Rio Grande, stumbles upon a transaction gone horribly wrong. Finding bullet-ridden bodies, several kilos of heroin, and a caseload of cash, he faces a choice – leave the scene as he found it, or cut the money and run. Choosing the latter, he knows, will change everything. And so begins a terrifying chain of events, in which each participant seems determined to answer the question that one asks another: how does a man decide in what order to abandon his life?

Llewelyn Moss is hunting antelope near the Texas/Mexico border when he stumbles upon several dead men, a big stash of heroin, and more than two million dollars in cash. He takes off with the money--and the hunter becomes the hunted. A drug cartel hires a former Special Forces agent to track down the loot, and a ruthless killer joins the chase as well. Also looking for Moss is the aging Sheriff Bell, a World War II veteran who may be Moss' only hope for survival.

In 2005, Cormac McCarthy's novel, *No Country for Old Men*, was published to wide acclaim, and in 2007, Ethan and Joel Coen brought their adaptation of McCarthy's novel to the screen. The film earned praise from critics worldwide and was honored with four Academy Awards', including Best Picture, Best Director, and Best Adapted Screenplay. In *No Country for Old Men: From Novel to Film*, scholars offer varied approaches to both the novel and the award-winning film. Beginning with several essays dedicated entirely to the novel and its

place within the McCarthy canon, the anthology offers subsequent essays focusing on the film, the adaptation process, and the Coen Brothers more broadly. The book also features an interview with the Coen brothers' long-time cinematographer Roger Deakins. This entertaining and enriching book for readers interested in the Coen Brothers' films and in McCarthy's fiction is an important contribution to both literature and film studies.

In rural Texas, welder and hunter Llewelyn Moss (Josh Brolin) discovers the remains of several drug runners who have all killed each other in an exchange gone violently wrong. Rather than report the discovery to the police, Moss decides to simply take the two million dollars present for himself. This puts the psychopathic killer, Anton Chigurh (Javier Bardem), on his trail as he dispassionately murders nearly every rival, bystander and even employer in his pursuit of his quarry and the money. As Moss desperately attempts to keep one step ahead, the blood from this hunt begins to flow behind him with relentlessly growing intensity as Chigurh closes in. Meanwhile, the laconic Sheriff Ed Tom Bell (Tommy Lee Jones) blithely oversees the investigation even as he struggles to face the sheer enormity of the crimes he is attempting to thwart.

Outer Dark is a novel at once fabular and starkly evocative, set in an unspecified place in Appalachia, sometime around the turn of the century. A woman bears her brother's child, a boy; he leaves the baby in the woods and tells her he died of natural causes. Discovering her brother's lie, she sets forth alone to find her son. Both brother and sister wander separately through a countryside being scourged by three terrifying and elusive strangers, headlong toward an eerie, apocalyptic resolution.

Collected interviews with the writer/directors whose films include Barton Fink, Raising Arizona, Fargo, and O Brother, Where Art Thou?

The conclusion of the Border trilogy describes the friendship of John Grady Cole and Billy Parham, two cowboys working on a New Mexico ranch in the 1950s
