This How to
Restore Norton
Commando manual
is aimed at
owners and
enthusiasts of
the legendary
Norton Commando,
and covers all
areas of
restoration from

File Type PDF

Norton

the sourcing of
the bike to its
completion as a
fully restored
machine.

Starting with
advice on the
different
models, spares
availability and
where best to
source a bike to
restore, the
book then covers

File Type PDF

the complete
dismantling and
restoration of
the bike.

Describing the
engine, frame,
gearbox, wheels,
suspension and
forks, brakes,
ancillaries,
bodywork, and
electrics, the
text is
illustrated with

hundreds of
clear colour
photos. What

really sets this
manual apart is
the style in
which it is
written: not as
some dull and
distant workshop
manual but in a
friendly,
humorous manner
by an enthusiast

considerable

confusion

surrounding the

selection of an

appropriate

from the

multitude of originals and reprints that have recently flooded the on-line marketplace.

Many of the reprints found on internet websites are from 'bedroom sellers' at enticingly low

Manual
individuals that
really have no
idea what they
are selling.

Many are nothing
more than poor
quality comb-

photocopies that
are scanned and
printed complete
with greasy
pages and

thumbprints and, as such, are deceptively described as 'pre-owned'. In addition, they are often advertised for the incorrect series and/or model years of motorcycles. The Norton Commando model range is

File Type PDF

Norton

Commando Mk3

especially
subjected to
incorrect

identification

by these

'bedroom

sellers' and you

are encouraged

to read the

paragraph below

to help identify

the correct

manual for your

model. During

File Type PDF

Norton

the 1968 to 1978

Commando model

run there were 4

different

manuals

published by the

factory: The

original 52 page

750cc manual

(part number

06-3062) is

applicable to

the 1968 to 1970

models ONLY that

were fitted with
the external rev-

and/or the Atlas
style exhaust
(refer to ISBN

This original
manual was
followed by part
number 06-3419
which covers the
1970 to 1973
750cc models

File Type PDF

Norton

ONLY. The next, Mk3

and most

comprehensive

manual, part

number 06-5146,

was published in

1973 and the

850cc data was

added making

this manual

applicable to

the entire range

of 750cc & 850cc

models from 1970

File Type PDF

Norton

Commando Mk3

to 1975.
Finally, with
the introduction
of the electric
start, left side
gear change,
rear disc brake
Mark 3 models in
1975, a separate
manual part
number 00-4224
was published
which is
specific to the

File Type PDF

Norton

1975 to 1978 Mk3

series from

engine no.

325001 & frame

no. F125001. We

are pleased to

offer this

reproduction of

the Factory

Workshop Manual

06-5146 to

owners of the

1970 through
