The Ultimate Prepper ' s Survival Guide is 240 pages, with a clever wire-o binding inside of a hardcover. This allows it to lay flat, when open. Please note that a lot of the material that I wrote for the book has never appeared in SurvivalBlog. The editors (at Welbeck Publishing, in London, England) developed some dazzling graphics to go along with my text.

A STEP-BY-STEP, DON'T-OVERLOOK-ANYTHING WORKBOOK OF DIY PROJECTS THAT PREPARE HOME AND FAMILY FOR ANY LIFE-THREATENING CATASTROPHE The preparation you make for a hurricane, earthquake or other short-term disaster will not keep you alive in the event of widespread social collapse caused by pandemic, failure of the grid or other long-term crises. Government pamphlets and other prepping books tell you how to hold out through an emergency until services are restored. This book teaches you how to survive when nothing returns to normal for weeks, months or even years, including: • Practical water collection for drinking and hygiene • Storing, growing, hunting and foraging for food • First aid and medical treatments when there ' s no doctor • Techniques and tactics for fortifying and defending your home • Community-building strategies for creating a new society

When Disaster strikes, will you be ready? It's a question we've all asked ourselves, and a question that is answered in great detail by an author who has survived multiple disasters not by going to extreme measures, but by taking preparation one step at a time to ready his household, his community and his mind. If you've ever thought that preparation would be too difficult to manage, then the information in this book will be a pleasant surprise. You'll be guided through the basics of survival and the necessities for leading a successful and healthy transition through emergencies and beyond. If you thought there was nothing left for you to learn from yet another prepper's guide, then the premise of this book will be a refreshing breath of air. Rather than teaching you to hunker down and hide, Buck Collins invites you to stretch out and lead. Become not only self-sufficient, but also heroic by focusing on empowering yourself and those around you even in the most challenging circumstances. Rather than being another passive read to set on the shelf beside your edible plant references and the seven other survival books, this interactive book will help you to actively prepare your food, water and supplies, and it will teach you the value of the human spirit amidst the most terrifying and deadly circumstances. Here is just a fraction of what you'll learn from The Prepper's Survival Handbook: 10 foods to store and how best to keep them How to secure clean drinking water What to keep in your first-aid kit and how to deliver life-saving techniques even in harsh conditions How to maintain a healthy and functional household during duress 5 ways to support your children through all that will come up for them How to support yourself or others with disabilities or illnesses 8 tips to master your mind and maintain your mental health A step by step plan to develop and deliver an Emergency Plan both in your household and your community And it doesn't stop there! Don't be another hoarder, holed up in the pandemic of fear. Become a hero for yourself and your loved ones. Your efforts and your vision will contribute to a world of properly prepared people who can teach, lead, and prosper regardless of what Mother Nature and mankind can throw at you! Order this book now and find out what it takes to become a truly prepped survivalist before it's too late.

Prepper PLUS free book inside> Survival Pantry Ever thought about what would happen if a major disaster occurred and you weren't prepared? Do you know how to prepare for a catastrophe Have you got the survival skills you need? Well you're about to discover how to PREP for any situation!... Disasters can come in any form and at any time. Worse still, they are quite likely to strike you when you are least prepared to welcome them. And when a disaster does hit you, especially if it's a strong, devastating one, you are likely to succumb to its fierce blow. Even if you do manage to survive the initial attack, you won't be able to last for a long time if you haven't prepared beforehand for it. The extreme weather conditions, lack of the 'normal' food supply, lack of proper shelter, inability to make a fire, attacks from other people and animals and a lot more can cause slow and painful death such that you wish you could just have died when the disaster first hit. Keep in mind that you can only survive for about 3 minutes without air, 3 hours without a synchronized body temperature, 3 days without water, and about 3 weeks without food. This means that if you are to survive post disaster, you must ensure that you get all these items in their order of importance otherwise you won't live long enough until help comes your way. Preparing for all sorts of natural disasters, calamities, and catastrophes is incredibly important if you want to live longer. This is where prepping comes in. Prepping refers to preparing in advance for possible catastrophes or emergencies that can threaten your survival. You can think of prepping as simply the art of living your life normally today while you are preparing yourself for any possible disaster, which may strike any time. Prepping is typically done by stocking food, medicines, important survival tools, ammunition, and different necessary supplies that can help you fight a calamity successfully and endure its harsh intensity as well as the side effects. You have seen what tsunamis, earthquakes and hurricanes have done to millions of people across the globe, right? Many weren't able to live through those turbulent times, but there were some who were successful in staying alive. The secret to their survival is prepping. If you don't want to perish when a disaster strikes you and want to help your family endure the calamity too, then you must learn and practice how to prep for various disasters the right way.
