The Ferguson TE-20 is the most iconic of all tractors - the small, unobtrusive grey tractor which many people will recognize. The TE-20 replaced the horse on many farms after WWII, and paved the way for the mechanization of farming. Over 500,000 examples were built and sold all over the world, with US- and French-built models manufactured under license.

The long-awaited Pistachio Production Manual from the University of California is here! The combined knowledge of 42 UC and industry experts and years of research and field trials are brought to fruition in this long awaited, 321-page manual. From an overview of the state of the industry to physiological disorders, the 8-part manual covers everything you need to know. Chapters cover topics including orchard design; rootstocks and cultivars; planting and training young trees; weed, insect, mite, and vertebrate management; irrigation and salinity management; disease management; and physiological disorders including alternate bearing, nut blanking and shell splitting. Over 200 color photographs and 60 diagrams, charts, and tables illustrate key points. The back cover includes a photographic guide to the developmental stages of the pistachio.

From the bestselling author of *The Ascent of Money* and *The Square and the Tower*, a searching and provocative examination of the widespread institutional rot that threatens our collective future What causes rich countries to lose their way? Symptoms of decline are all around us today: slowing growth, crushing debts, increasing inequality, aging populations, antisocial behavior. But what exactly has gone wrong? The answer, Niall Ferguson argues in *The Great Degeneration*, is that our institutions—the intricate frameworks within which a society can flourish or fail—are degenerating. With characteristic verve and historical insight, Ferguson analyzes the causes of this stagnation and its profound consequences for the future of the West. *The Great Degeneration* is an incisive indictment of an era of negligence and complacency—and to arrest the breakdown of our civilization, Ferguson warns, will take heroic leadership and radical reform.

From renowned non-binary trans activist Joshua M. Ferguson comes a personal work of memoir and critical analysis that pushes for an inclusive understanding of sex and gender.
