Suddenly The Night The Poetry Of Sapardi Djoko Damono

The Night. By Henry Vaughan. John 3.2. Through that pure virgin shrine, That sacred veil drawn o'er Thy glorious noon, That men might look and live, as glowworms shine, And face the moon, Wise Nicodemus saw such light. As made him know his God by night.

The Night by Henry Vaughan | Poetry Foundation

(Ruth Stone, June 8, 1915 - November 19, 2011) And suddenly, it's today, it's this morning they are putting Ruth into the earth, her breasts going down, under the hill, like the moon and sun going down together. O I know, it's not Ruth-what was Ruth went out, slowly, but this was her form, beautiful and powerful as the old, gorgeous goddesses who were terrible, too, not telling a lie for anyone-and she'd been left here so long, among mortals, by her mate-who could not, one hour, bear ...

Found Poems” about Elie Wiesel’s Book Night

The night is chilly, but not dark. The thin gray cloud is spread on high, It covers but not hides the sky. The moon is behind, and at the full; And yet she looks both small and dull. The night is chill, the cloud is gray: 'Tis a month before the month of May, And the Spring comes slowly up this way.

Christabel by Samuel Taylor Coleridge | Poetry Foundation

and suddenly I saw the heavens unfastened and open, planets, palpitating plantations, shadow perforated, riddled with arrows, fire and flowers, the winding night, the universe. And I, infinitesimal being, drunk with the great starry void, likeness, image of mystery, felt myself a pure part of the abyss, I wheeled with the stars, my heart broke loose on the wind.

More of a story than a collection of poetry, Love by Night will whisk you away from your world and into the dreamy romantic night. Love by Night begins with anxious hesitation and nervous attraction, grows into tender affection, blossoms into passionate love, delves deep into whimsical dreams, and finally builds an image of an idyllic future together, as the reader develops along with the two characters of this poetic story. Written as a conversation between two points of view in constant change and flux with each other, this book invites the reader into the conversation about the love that connects one person to another, but also all of us to each other. Through this written testament to the emotional journeys books can take us on, S. K. Williams breaks down stereotypes, sexism, relationship roles, and brings awareness to mental health, grief, anxiety, depression, how to move forward, how to love in a healthy way, and, most of all, how to love yourself when it feels impossible.

One of the most respected artists in popular music today, Jewel is much more than a music industry success with her debut album selling more than 10 million copies. Before her gifted songwriting comes an even more individual art: Poetry. Now available in paperback, A Night without Armor highlights the poetry of Jewel taken from her journals which are both intimate and inspiring, to be embraced and enjoyed. Writing poems and keeping journals since childhood, Jewel has been searching for truth and meaning, turning to her words to record, to discover, and to reflect. In A Night Without Armor, her first collection of poetry, Jewel explores the fire of first love, the lessons of betrayal, and the healing of intimacy. She delves into matters of the home, the comfort of family, the beauty of Alaska, and the dislocation of divorce. Frank and honest, serious and suddenly playful, A Night Without Armor is a talented artist's intimate portrait of

what makes us uniquely human.

A poem about the visit that Santa Claus pays to the children of the world during the night before every Christmas.

Billy Collins has emerged as the most beloved American poet since Robert Frost, garnering critical acclaim and broad popular appeal. Annie Proulx admits, "I have never before felt possessive about a poet, but I am fiercely glad that Billy Collins is ours." This special, limited edition celebrates Billy Collins's years as U.S. Poet Laureate. Questions About Angels--one of the books that helped establish and secure his reputation and popularity during the 1990s--is remarkable for its wry, inquisitive voice and its sheer imaginative range. Edward Hirsch selected this classic book for the National Poetry Series, and each of Collins's poems--from his meditation on forgetfulness to his musings on the behavior of angels--is an exploration of imaginative possibilities. Whether reading him for the first time or the fiftieth, this collector's edition is a must-have for anyone interested in the poet the New York Times calls simply "the real thing."

"In late August of 1975 when my wife Gailyn and I and our one-and-a-half-year-old daughter arrived in Bolinas, I was almost 29 years old and had become known for writing minimal poetry sometimes consisting of a single word", Aram Saroyan writes in his introduction to Day and Night. "A young writer's ego is a delicate matter, subject as it is to routine battery and assault. When I wrote the first section of a long poem called 'Lines for My Autobiography' one afternoon on the typewriter in the poet Joanne Kyger's house. I was both exhilarated and uneasy. After all, it was two and a half pages long and I'd never before written a poem of even half its length. I ended up throwing it in the waste basket, but Gailyn fished it out, read it, and told me it was the best thing I'd ever written and to go on writing it". That poem and many others like it -- limpid, direct, revealing, open-hearted essays toward a first-person life story -- make up Saroyan's very appealing book about "big-city boys...becoming farmers" in an eccentric, idealist, crackpot-utopian California beach town in the 1970s. This is an unashamedly youthful book, starry-eyed in its approach to family-starting and community-founding, innocently celebrative of the simple wonders of a life lived close to nature. Glancing back at a glamorous but troubled childhood spent among the bright lights of Manhattan and the luxuriant palms of Beverly Hills, the young Saroyan experiences this new world with a freshness of vision.

In this urgent outpouring of American voices, our poets speak to us as they shelter in place, addressing our collective fear, grief, and hope from eloquent and diverse individual perspectives. As the novel coronavirus and its devastating effects began to spread in the United States and around the world, Alice Quinn reached out to poets across the country to see if, and what, they were writing under quarantine. Moved and galvanized by the response, the onetime New Yorker poetry editor and recent former director of the Poetry Society of America began collecting the poems arriving in her inbox, assembling this various, intimate, and intricate portrait of our suddenly altered reality. In these pages, we find poets grieving for relatives they are separated from or recovering from illness themselves, attending to suddenly complicated household tasks or turning to literature for strength, considering the bravery of medical workers or working their own shifts at the hospital, and, as the Black Lives Matter movement has swept the globe, reflecting on the inequities in our society that amplify sorrow and demand our engagement. From fierce and resilient to wistful, darkly humorous, and emblematically reverent about the earth and the vulnerability of human beings in frightening times, the poems in this collection find the words to describe what can feel unspeakably difficult and strange, providing wisdom, companionship, and depths of feeling that enliven our spirits.

Some of these poems first appeared in other publications, sometimes in other forms.
