9781556437854 That's Why We Don't Eat Animals takes a candid, compassionate look at the plight of animals on factory farms, using gorgeous artwork and lively text to introduce vegetarianism and veganism to early readers. An endearing cast of animals is shown bo

That's Why We Don't Eat Animals uses colorful artwork and lively text to introduce vegetarianism and veganism to early readers (ages six to ten). Written and illustrated by Ruby Roth, the book features an endearing animal cast of pigs, turkeys, cows, quail, turtles, and dolphins. These creatures are shown in both their natural state—rooting around, bonding, nuzzling, cuddling, grooming one another, and charming each other with their family instincts and rituals—and in the terrible conditions of the factory farm. The book also describes the negative effects eating meat has on the environment. A separate section entitled “What Else Can We Do?” suggests ways children can learn more about the vegetarian and vegan lifestyles, such as: “Celebrate Thanksgiving with a vegan feast” or “Buy clothes, shoes, belts, and bags that are not made from leather or other animal skins or fur.” This compassionate, informative book offers both an entertaining read and a resource to inspire parents and children to talk about a timely, increasingly important subject. A hungry cat has no idea what he wants to eat--until it's right in front of him. Neal's retro-style illustrations and easy-to-follow story are the perfect match for even the pickiest eaters--and the patient souls that feed them. Full color. 9 1/8 x 10 5/8.

For thirty days, Morgan Spurlock ate nothing but McDonald's as part of an investigation into the effects of fast food on American health. The resulting documentary earned him an Academy Award nomination and broke box-office records worldwide. But there's more to the story, and in *Don't Eat This Book*, Spurlock examines everything from school lunch programs and the marketing of fast food to the decline of physical education. He looks at why fast food is so tasty, cheap, and ultimately seductive—and interviews experts from surgeons general and kids to marketing gurus and lawmakers, who share their research and opinions on what we can do to offset a health crisis of supersized proportions. *Don't eat this groundbreaking, hilarious book—but if you care about your country's health, your children's, and your own, you better read it.*

It's the first day of school for Penelope Rex, and she can't wait to meet her classmates. But it's hard to make human friends when they're so darn delicious! That is, until Penelope gets a taste of her own medicine and finds she may not be at the top of the food chain after all. . . . Readers will gobble up this hilarious new story from award-winning author-illustrator Ryan T. Higgins.

NBC Today show nutrition and diet guru Madelyn Fernstrom and award-winning neuroscientist and pharmacologist John Fernstrom [partnering with AARP] present the ultimate guide to food and medicine interaction. Millions of Americans take prescription drugs to treat diabetes, high blood pressure, heart disease, or other conditions. But beware: The foods you eat and the medications you take could be working against each other. *Don't Eat This If You're*

**Taking That** takes the mystery out of food and medication interactions. This easy-to-use guide details foods that can interfere with the action of the medication—whether taken for the short or long term. In this book, readers can easily find a medication, see what foods to avoid, and make smart swaps. We all believe a diet rich in colorful fruits and vegetables, lean proteins, whole grains, and low-fat dairy products is part of healthy eating—right? Not always. Dr. Fernstrom explains exactly what foods to avoid when and why. For instance, If you're taking cholesterol medicine, you should cut out—or cut down on—grapefruit. On a blood thinner? Avoid dark green veggies. If you're on thyroid medication, nix the soy. And more small diet changes with big health payoffs! As an added bonus, each chapter offers a "Dietary Supplements Alert" box, providing the most up-to-date information on interactions with vitamins, minerals, and other dietary supplements. With this concise, scientifically based guide, consumers can easily personalize their eating plan to work with, not against, their medications.

Mo Romero is a zombie who loves nothing more than growing, cooking, and eating vegetables. Tomatoes? Tantalizing. Peppers? Pure perfection! The problem? Mo's parents insist that their niño eat only zombie cuisine, like arm--panadas and finger foods. They tell Mo over and over that zombies don't eat veggies. But Mo can't imagine a lifetime of just eating zombie food and giving up his veggies. As he questions his own zombie identity, Mo tries his best to convince his parents to give peas a chance. Super duo Megan and Jorge Lacera make their picture--book debut with this sweet story about family, self--discovery, and the power of acceptance. It's a delectable tale that zombie and nonzombie fans alike will devour.

In this paperback edition is a foreword by activist and author John Robbins and a reader's group study guide. This ground-breaking work, voted one of the top ten books of 2010 by VegNews

Magazine, offers an absorbing look at why and how humans can so wholeheartedly devote ourselves to certain animals and then allow others to suffer needlessly, especially those slaughtered for our consumption. Social psychologist Melanie Joy explores the many ways we numb ourselves and disconnect from our natural empathy for farmed animals. She coins the term "carnism" to describe the belief system that has conditioned us to eat certain animals and not others. In *Why We Love Dogs, Eat Pigs, and Wear Cows* Joy investigates factory farming, exposing how cruelly the animals are treated, the hazards that meatpacking workers face, and the environmental impact of raising 10 billion animals for food each year. Controversial and challenging, this book will change the way you think about food forever.

Roughly 95% of Americans don't appear to have an ethical problem with animals being killed for food, yet all of us would have a serious problem with humans being killed for food. What does an animal lack that a human has that justifies killing the animal for food but not the human? As you start to list properties that the animal lacks to justify eating them, you begin to realize that some humans also lack those properties, yet we don't eat those humans. Is this logical proof that killing and eating animals for food is immoral? Don't put away your steak knife just yet. In *Eat Meat... Or Don't*, we examine the moral arguments for and against eating meat with both philosophical and scientific rigor. This book is not about pushing some ideological agenda; it's ultimately a book about critical thinking. But moral facts shouldn't be confused with ideology. When it comes to moral choices, there are better ones, and there are worse ones. If you act rationally and ethically and have adopted a good moral framework, you might come to the justified conclusion that eating meat is unethical... or you might not. Regardless of your conclusion, you will almost certainly realize that eating less meat is a fantastic idea for your health, the environment, and especially animals, and it's an easily achievable goal that will

change your life for the better.

In a world reeling from a global pandemic, never has a treatise on veganism—from our foremost philosopher on animal rights—been more relevant or necessary. Peter Singer may be the most controversial philosopher alive; he is certainly among the most influential. The New Yorker Even before the publication of his seminal *Animal Liberation* in 1975, Peter Singer, one of the greatest moral philosophers of our time, unflinchingly challenged the ethics of eating animals. Now, in *Why Vegan?*, Singer brings together the most consequential essays of his career to make this devastating case against our failure to confront what we are doing to animals, to public health, and to our planet. From his 1973 manifesto for *Animal Liberation* to his personal account of becoming a vegetarian in *The Oxford Vegetarians* and to investigating the impact of meat on global warming, Singer traces the historical arc of the animal rights, vegetarian, and vegan movements from their embryonic days to today, when climate change and global pandemics threaten the very existence of humans and animals alike. In his introduction and in *The Two Dark Sides of COVID-19*, cowritten with Paola Cavalieri, Singer excoriates the appalling health hazards of Chinese wet markets—where thousands of animals endure almost endless brutality and suffering—but also reminds westerners that they cannot blame China alone without also acknowledging the perils of our own factory farms, where unimaginably overcrowded sheds create the ideal environment for viruses to mutate and multiply. Spanning more than five decades of writing on the systemic mistreatment of animals, *Why Vegan?* features a topical new introduction, along with nine other essays, including: “An Ethical Way of Treating Chickens?”, which opens our eyes to the lives of the birds who end up on so many plates—and to the lives of their parents; “If Fish Could Scream,” an essay exposing the utter indifference of commercial fishing practices to the experiences of the sentient beings they scoop from the oceans in such unimaginably vast

numbers; " "The Case for Going Vegan," in which Singer assembles his most powerful case for boycotting the animal production industry; " And most recently, in the introduction to this book and in "The Two Dark Sides of COVID-19," Singer points to a new reason for avoiding meat: the role eating animals has played, and will play, in pandemics past, present, and future. Written in Singer's pellucid prose, *Why Vegan?* asserts that human tyranny over animals is a wrong comparable to racism and sexism. The book ultimately becomes an urgent call to reframe our lives in order to redeem ourselves and alter the calamitous trajectory of our imperiled planet.
