The Brave Ones is a testament to the grit, determination and devotion a U.S. Army Paratrooper displays in service to their fellow soldier and country. Written by former Sgt. Michael MacLeod who lived to tell the tale, the book pulls no punches as it describes life in the Army for an enlisted soldier from Basic Combat Training to the battlefields of Ghazni, Afghanistan.

How does the US Army mold a video-game generation with its thumbs on the joystick into a proud fighting force with its fingers on the trigger—and lives on the line—in America's War on Terror? Michael J. MacLeod, already an accomplished professional photographer and journalist, decided to find out the hard way: by enlisting in the armed forces at age forty-one. What he observed and experienced as an embedded reporter and a serving soldier makes for an unflinching and inspiring portrait of endurance, sacrifice, discipline, and courage. From the trials of basic training on the home front to the ranks of the legendary 82nd Airborne Division to taking fire in the hot zones of Iraq and Afghanistan, MacLeod chronicles the soldier's evolution as only one who's been in those boots can. Candid, wise, and powerful, his memoir takes readers on an unforgettable journey through war and allows them to witness bravery firsthand.

On September 11, 2001, Ann Kinsfield, a successful Wall Street broker who had spent years laying a path of achievements, stood on the doorstep of profound change. The city she loved was in turmoil, and a calling to help others was emerging from deep within her. Part memoir and part spiritual formation guide, Kinsfield's Be the Brave One relays her stunning transformation from a "run-of-the-mill capitalist jerk" into a wife, mother, and pastor committed to feeding the poor at her church in Greenpoint, Brooklyn. The first female and openly gay chaplain at the New York Fire Department, and voted the inaugural New York Times New Yorker of the Year, Kinsfield uses her characteristic wit and knack for accessible storytelling to reveal how an adventurous faith rooted in living out your convictions can bring about radical change in the world. From authenticity and courage, to perseverance and gratitude, in Kinsfield's journey you will find the insight and tools to name and claim your own core spiritual values. Ultimately, Kinsfield's story will leave readers both comforted and challenged to discover and live out their own faith rooted in open-hearted conviction.

A "raw and honest" (Los Angeles Review of Books) memoir from the first Native American Poet Laureate of the United States. In this transcendent memoir, grounded in tribal myth and ancestry, music and poetry, Joy Harjo details her journey to becoming a poet. Born in Oklahoma, the end place of the Trail of Tears, Harjo grew up learning to dodge an abusive stepfather by finding shelter in her imagination, a deep spiritual life, and connection with the natural world. Narrating the complexities of betrayal and love, Crazy Brave is a haunting, visionary memoir about family and the breaking apart necessary in finding a voice.

From inside an interrogation session by the Chinese Secret Police, a young American activist recounts her path into global human rights work, exploring critical lessons on privilege and compassion in the context of war and extreme suffering.

"[P]rofound...a triumph—a full-throated howl to the moon to remind us why we choose to survive and thrive." —Brendan Kiely, New York Times bestselling author of Tradition "Razor-sharp, deeply revealing, and brutally honest...emotionally raw and deeply insightful." —Booklist (starred review) The critically acclaimed author of We Are the Ants opens up about what led to an attempted suicide in his teens, and his path back from the experience. "I wasn't depressed because I was gay. I was depressed and gay." Shaun David Hutchinson was nineteen. Confused. Struggling to find the vocabulary to understand and accept who he was and how he fit into a community in which he couldn't see himself. The voice of depression told him that he would never be loved or wanted, while powerful and hurtful messages from society told him that being gay meant love and happiness weren't for him. A million moments large and small over the years all came together to convince Shaun that he couldn't keep going, that he had no future. And so he followed through on trying to make that a reality. Thankfully Shaun survived, and over time, came to embrace how grateful he is and how to find self-acceptance. In this courageous and deeply honest memoir, Shaun takes readers through the journey of what brought him to the edge, and what has helped him truly believe that it does get better.

NEW YORK TIMES BESTSELLER - A revealing memoir and empowering manifesto - As featured in Ronan Farrow's CATCH AND KILL and Jodi Kantor and Megan Twohey's SHE SAID "BRAVE works beautifully as a manifesto. It's a call to arms—not just against the specific men who mistreated McGowan and the men and women who enabled that mistreatment, but against an industry."—The Boston Globe Rose McGowan was born in one cult and came of age in another, more visible cult: Hollywood. In a strange world where she was continually on display, stardom soon became a personal nightmare of constant exposure and sexualization. Rose escaped into the world of her mind, something she had done as a child, and into high-profile relationships. Every detail of her personal life became public, and the realities of an inherently sexist industry emerged with every script, role, public appearance, and magazine cover. The Hollywood machine packaged her as a sexualized bombshell, hijacking her image and identity and marketing them for profit. Hollywood expected Rose to be silent and cooperative and to stay the path. Instead, she rebelled and asserted her true identity and voice. She reemerged unscripted, courageous, victorious, angry, smart, fierce, unapologetic, controversial, and real as F*ck. BRAVE is her raw, honest, and poignant memoir/manifesto—a no-holds-barred, pull-no-punches account of the rise of a millennial icon, fearless activist, and unstoppable force for change who is determined to expose the truth about the entertainment industry, dismantle the concept of fame, shine a light on a multibillion-dollar business built on systemic misogyny, and empower people everywhere to wake up and be BRAVE. "My life, as you will read, has taken me from one cult to another. BRAVE is the story of how I fought my way out of these cults and reclaimed my life. I want to help you do the same." -Rose McGowan

Perfect for fans of Rain Reign, this middle-grade novel The Brave is about a boy with an OCD issue and his move to a reservation to live with his biological mother. Collin can't help himself—he has a unique condition that finds him counting every letter spoken to him. It's a quirk that makes him a prime target for bullies, and a continual frustration to the adults around him, including his father. When Collin asked to leave yet another school, his dad decides to send him to live in Minnesota with the mother he's never met. She is Ojibwe, and lives on a reservation. Collin arrives in Duluth with his loyal dog, Seven, and quickly finds his mom and his new home to be warm, welcoming, and accepting of his condition. Collin's quirk is matched by that of his neighbor, Orenda, a girl who lives mostly in her treehouse and believes she is turning into a butterfly. With Orenda's help, Collin works hard to overcome his challenges. His real test comes when he must step up for his new friend and trust his new family.

In this trauma-filled childhood memoir, Terry takes you back in time to the years he spent in an orphanage—where conflicts between boys were solved in the basement with boxing gloves. This is a true story that had to be told: It is the clear, unique voice of a survivor of the kind of childhood that is usually the undoing of less hardy souls. With novelist flair and impressive detail, Terry chronicles his first eight years in a rarely visited slice of the country. In 1950, a doctor in Duluth, Minnesota, wrote in his medical file that a four-year-old boy had been admitted to St. Mary's hospital as a "rather severe behavior problem." "This is," the doctor notes, "a broken home, and the mother-child relationship is not good." That boy is Terry. He had been shuffled from one nesting arrangement to another for all of his short life. First, he lived with his grandparents on their rustic farmstead in northern Minnesota, then with his intellectually disabled mother and a mostly absent alcoholic father, and finally with a boorish relative. In spite of this, Terry had been relatively happy. The real problems started when his mother dropped him and his two younger siblings off at an orphanage. A week later, at Terry's urging, the children ran away to find their mother, and Terry ended up in a straight jacket. Thus, began Terry's journey of triumph over multiple misfortunes. Eight years later, while lying on the banks of a river on his adoptive parents' farm, Terry promised God he would do eight things during his lifetime. The My Brave Little Man memoir series is one of those eight. The series continues in Book II, The Weight of the World.

The instant #1 New York Times bestseller! "It's the best memoir I've ever read." —Oprah Winfrey "Will Smith isn't holding back in his bravely inspiring new memoir . . . An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma." —USA Today Winner of the NAACP Image Award for Outstanding Literary Achievement One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith's transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller The Subtle Art of Not Giving a F*ck, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.

"Emmy Award-winning NPR journalist Maria Hinojosa shares her personal story interwoven with American immigration policy's coming-of-age journey at a time when our country's branding went from "The Land of the Free" to "the land of invasion.""--
