The Marriage Plot is a 2011 novel by the American writer, Jeffrey Eugenides. The novel grew out of a manuscript that Eugenides began after the publication of his sophomore Pulitzer Prize-winning novel, Middlesex. Eugenides has stated that he worked on the novel for about five or six years, and that portions are loosely based on his collegiate and post-collegiate experiences. The book is both a realist story about marriage and a postmodern, metafictional commentary on the kind of story it tells.
