After seven decades of existence has the UN become obsolete? Is it ripe for retirement? As Jussi Hanhimäki proves in the second edition of this Very Short Introduction, the answer is no. In the second decade of the twenty-first century the UN remains an indispensable organization that continues to save lives and improve the world as its

Access Free The United Nations A Very Short Introduction

founders hoped. Since its original publication in 2008, this 2nd edition includes more recent examples of the UN Security Council in action and peacekeeping efforts while exploring its most recent successes and failures. After a brief history of the United Nations and its predecessor, the League of Nations, Hanhimäki examines the UN's successes and failures as a guardian of international peace and security, as a promoter of human rights, as a protector of international law, and as an engineer of socio-economic development. This updated edition highlights

Introduction
Introduction
what continues to make the UN a complicated organization today, and the ongoing challenges between its ambitions and capabilities. Hanhimäki also provides a clear account of the UN and its various arms and organizations (such as UNESCO and UNICEF), and offers a critical overview of the UN Security Council's involvement in recent crises in Iran, Afghanistan, Iraq, Ukraine, Libya, and Syria, and how likely it is to meet its overall goals in the future. Regardless of its obstacles, the UN is likely to survive for the foreseeable future. That alone makes trying to

Access Free The United Nations A Very Short Introduction

Understanding the UN in all its manifold - magnificent and frustrating - complexity a worthy task. With this much-needed updated introduction to the UN, Jussi Hanhimäki engages the current debate over the organizations effectiveness as he provides a clear understanding of how it was originally conceived, how it has come to its present form, and how it must confront new challenges in a rapidly changing world.

quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

This Handbook provides in one volume an authoritative and independent treatment of the UN's seventy-year history, written by an international cast of more than 50 distinguished scholars, analysts, and practitioners. It provides a clear and penetrating examination of the UN's development since 1945 and the challenges and opportunities now facing the

Access Free The United Nations A Very Short

Introduction. It assesses

the implications for the UN of rapid changes in the world - from technological innovation to shifting foreign policy priorities - and the UN's future place in a changing multilateral landscape. Citations and additional readings contain a wealth of primary and secondary references to the history, politics, and law of the world organization. This key reference also contains appendices of the UN Charter, the Statute of the International Court of Justice, and the Universal Declaration of Human Rights.

Inside the United Nations

Introduction Introductions

illustrates some of the parameters surrounding consensus-building at the United Nations, seeking to provide new insights beyond what is already known. The author spent twelve years as P.R of Guatemala at the UN, offering him privileged observatories in all three of the main inter-governmental organs: the General Assembly, the Economic and Social Council, and the Security Council. In this book Rosenthal focuses on six case studies that offer the breadth and scope of what the UN does, and illustrate some of the main elements of the dynamics of consensus-building,

Access Free The United Nations A Very Short

Introduction

providing concrete examples of the ingredients that shape decision-making in a multilateral setting. The chapters: cover the origin, preparation, and outcome of two successful international conferences: the 2000 Millennium Summit and the 2002 International Conference on Financing for Development; look at the 2000 negotiation on the scale of assessments to finance the UN's budget in the General Assembly's fifth committee (2000-2001); focus on the relevance of the Economic and Social Council; consider the internal politics involved in vying for elected posts in

intergovernmental bodies by focusing on the campaign to be elected to the Security Council between Guatemala and Venezuela in 2006; reflect on the peculiarities of decision-making in the Security Council. Providing an insider's view on the UN and exploring different facets of multilateral diplomacy at the UN, this book will be of great use and interest to scholars of international relations as well as the diplomatic community.

Seven decades after its establishment, the United Nations and its system of related organizations and

Access Free The United Nations A Very Short

Introduction are perpetually in crisis. While the twentieth-century's world wars gave rise to ground-breaking efforts at international organization in 1919 and 1945, today's UN is ill-equipped to deal with contemporary challenges to world order. Neither the end of the Cold War nor the aftermath of 9/11 has led to the "next generation" of multilateral institutions. But what exactly is wrong with the UN that makes it incapable of confronting contemporary global challenges and, more importantly, can we fix it? In this revised and updated third edition of his popular

Introduction

text, leading scholar of global governance Thomas G. Weiss takes a diagnose-and-cure approach to the world organization's inherent difficulties. In the first half of the book, he considers: the problems of international leadership and decision making in a world of self-interested states; the diplomatic complications caused by the artificial divisions between the industrialized North and the global South; the structural problems of managing the UN's many overlapping jurisdictions, agencies, and bodies; and the challenges of bureaucracy and leadership. The second half

Access Free The United Nations A Very Short

Introduction
shows how to mitigate these maladies and points the way to a world in which the UN's institutional ills might be "cured." Weiss's remedies are not based on pious hopes of a miracle cure for the UN, but rather on specific and encouraging examples that could be replicated. With considered optimism and in contrast to received wisdom, he contends that substantial change is both plausible and possible.

Law and Practice of the United Nations: Documents and Commentary combines primary materials with expert commentary demonstrating the

Access Free The United Nations A Very Short

Introduction: Introduction

interaction between law and practice in the UN organization, as well as the possibilities and limitations of multilateral institutions in general. Each chapter begins with a short introductory essay describing how the documents that ensue illustrate a set of legal, institutional, and political issues relevant to the practice of diplomacy and the development of public international law through the United Nations. Each chapter also includes questions to guide discussion of the primary materials, and a brief bibliography to facilitate further research on the

Access Free The United Nations A Very Short

Introduction. This second edition addresses the most challenging issues confronting the United Nations and the global community today, from terrorism to climate change, from poverty to nuclear proliferation. New features include hypothetical fact scenarios to test the understanding of concepts in each chapter. This edition contains expanded author commentary, while maintaining the focus on primary materials. Such materials enable a realistic presentation of the work of international diplomacy: the negotiation, interpretation and application of such

Introduction
texts are an important part of what actually takes place at the United Nations and other international organizations. This work is ideal for courses on the United Nations or International Organizations, taught in both law and international relations programs.

In *Act of Creation*, Stephen C. Schlesinger tells a pivotal and little-known story of how Secretary of State Edward Stettinius and the new American President, Harry Truman, picked up the pieces of the faltering campaign initiated by Franklin Roosevelt to create

Access Free The United Nations A Very Short

Introduction. Using secret agents, financial resources, and their unrivaled position of power, they overcame the intrigues of Stalin, the reservations of wartime allies like Winston Churchill, the discontent of smaller states, and a skeptical press corps to found the United Nations. The author reveals how the UN nearly collapsed several times during the conference over questions of which states should have power, who should be admitted, and how authority should be divided among its branches. By shedding new light on leading participants like

Access Free The United Nations A Very Short Introduction

John Foster Dulles, John F. Kennedy, Adlai Stevenson, Nelson Rockefeller, and E. B. White, Act of Creation provides a fascinating tale of twentieth-century history not to be missed.

Preventing humanitarian atrocities is becoming as important for the United Nations as dealing with inter-state war. In this book, Ramesh Thakur examines the transformation in UN operations, analysing its changing role and structure. He asks why, when and how force may be used and argues that the growing gulf between legality and legitimacy is evidence of an

Access Free The United Nations A Very Short

Introduction Introductions

eroded sense of international community. He considers the tension between the US, with its capacity to use force and project power, and the UN, as the centre of the international law enforcement system. He asserts the central importance of the rule of law and of a rules-based order focused on the UN as the foundation of a civilised system of international relations. This book will be of interest to students of the UN and international organisations in politics, law and international relations departments, as

Access Free The United Nations A Very Short

Introduction well as policymakers in the UN and other NGOs.

This book offers a comprehensive practitioner's guide to negotiating at the United Nations. Although much of the content can be applied broadly, the guide focuses on navigating multilateral negotiations at the UN. The book is a tool to help new UN negotiators, explaining basic negotiation concepts and offering insight into the complexities of the UN system. It also offers a playbook for cooperation for negotiators at any level, exploring the dynamics of relationships and alliances,

Access Free The United Nations A Very Short

Introduction

the art of chairing a negotiation, and the importance of balancing the power asymmetries present in any multilateral discussion. The book proposes improvements to the UN negotiation process and looks at the impact of information technologies on negotiation dynamics; it also shares stories from women UN delegates, illustrating what it means to be a female negotiator at the UN. This book is an exploration of the power of the individual in any negotiation, and of the responsibility all negotiators have in wielding that power to speak for a

Access Free The United Nations A Very Short Introduction

better world. This book will be of much interest to students of diplomacy, global governance, foreign policy, and International Relations, as well as practitioners and policymakers.

A comprehensive guide to the world body's institutions, procedures, policies, specialized agencies, historic personalities, initiatives, and involvement in world affairs, *The New United Nations* is organized thematically, blending both topical and chronological explanations making reference to current scholarly terms and

Access Free The United Nations A Very Short

Introduction. The first textbook of its kind on the market, it presents the UN in its evolving role in this new era since the Cold War and shows its responsibilities for meeting challenges to the global community.

The best-selling author of *Hatred's Kingdom* and a former UN ambassador offers a thought-provoking critique of the United Nations, its goals and policies, its abandonment of its mission, its failures during such events as the Cuban Missile Crisis and the war in Iraq, and the future role of America in global affairs. Reprint. 30,000 first
